

Our highly qualified team of designated accountants, valuation specialists and fraud examiners provide forensic accounting, economic loss quantification, financial analysis and valuation services to insurance, legal, corporate and public sector clients.

We provide forensic accounting expertise to insurance professionals undertaking assignments for claims managers, insurance adjusters and lawyers from the initial notification through to claim finalisation.

When you engage us you are using a team of highly experienced professionals.

Each of our senior staff having a minimum of 10 years' experience, so you can be confident we have the right person for the job.

We are a global team that has extensive experience and specialist expertise handling large and complex losses across a broad range of industries.

We adopt a flexible, commercial approach and will work closely with you to develop claim resolution and settlement strategies to avoid disputes and reduce overall settlement times and costs.

Approach

Our specialist insurance and claims support services include:

- Business interruption
- Stock loss quantification and valuation
- Fraud and employee fidelity
- Product liability and product recall
- Subrogation
- Contract disputes
- Litigation services
- Pre-loss reviews

Key benefits of working with us

We are trusted advisers to leading captives, insurers, reinsurers and individuals. You can rely on our financial expertise, because:

- We are recognised as experts in quantifying claims made under insurance policies
- We thoroughly investigate the basis of each claim, and work closely with other experts to provide the information insurance and legal professionals need
- Our forensic accountants understand the type of information required by insurance and legal professionals and can relay this through our clear and concise reporting

- Our analysis and reports can be relied upon in litigation or subrogation

Our experience

Our team has experience on complex financial matters across a diverse range of industries including:

- Power & energy, transport, mining, food & beverage, tourism, professional services, government, manufacturing, waste & recycling, retail & property and many more

Business interruption claims

We specialise in the provision of forensic accounting for business interruption claims. Claims Managers, captives, reinsurers and other insurance professionals rely on our expertise and experience to:

- Investigate the financial basis of a claim
- Quantify the loss of profit
- Identify and quantify increased costs and savings
- Provide concise reports on our findings, which are used as the basis to settle claims and assist with any subsequent recovery actions

Stock loss

We are regularly appointed by insurance professionals to assist on stock losses.

As forensic accountants, we have the expertise to review an insured's stock system and identify and resolve issues relevant to the quantification and valuation of stock. The work we undertake varies for each loss however can involve:

- Carrying out stock counts after an incident
- Retrieving stock records from accounting systems
- Reconstructing stock records, particularly after records are destroyed in a flood or fire
- Preparing valuations of stock, based on the cover provided by the insurance policy

Product recall and liability claims

We have the capability and experience in the assessment, management and quantification of costs and losses associated with:

- Product recall
- Product guarantee
- Product liability

Fraud and fidelity claims

We have the capability and experience in the assessment and quantification of costs and losses associated with fraud and employee fidelity claims.

We undertake an investigation into the circumstances leading to the fraud, provide recommendations for strengthening internal controls and review the avenues for recovery.

Our reports set out the value of the losses claimed as a result of fraud and the extent to which they are supported.

As a result of our work, we are often asked to assist legal professionals and the police in civil and criminal proceedings.

Litigation services

We work with your lawyers on insurance claims where there is a contemplation of litigation.

Our team regularly prepare independent expert witness reports which are admissible in litigation proceedings.

Our experts are experienced in giving credible and robust oral testimony.

We understand how to balance the needs of the insurer to help achieve the best outcome while making sure that our independence is not compromised should litigation be pursued.

Pre-loss reviews

Our team have considerable experience with assisting underwriters and risk managers to understand, assess and value their financial loss exposures.

Our pre-loss reviews regularly entail the preparation of maximum potential loss financial modelling and engagement workshops, which run scenario testing against policy wordings.
