MCL Global Division

New Zealand

Sedgwick is one of the world's leading loss adjusting companies. We ensure the right resources are available in the right place, at the right time, to efficiently manage your major and complex insurance claims.

Major Property

Strategically located throughout New Zealand, our team of experienced chartered loss adjusters and industry recognised experts drive the recovery process by providing a rapid response, identifying critical issues and assisting in loss mitigation.

Construction

Our team has expertise in handling all construction claims from building developments, bridges, tunnels, railways and infrastructure to iconic buildings and landmarks, in addition to plant and financial losses.

Engineering

Our engineering adjusters provide innovative solutions as part of the negotiation and settlement process. Additionally, they are experts at communicating complex, technical ideas to our clients in an understandable way, avoiding the use of jargon.

Liability

Our liability team provides solutions to a variety of customer and third-party issues. Our services range from brief factual enquiries and assignments, to full adjustments involving all types of liability claims, including complex professional indemnity or product liability matters.

Cyber

Our cyber specialists have the technical expertise to provide practical advice and industry leading solutions when a cyber breach occurs.

Food

Our adjusters have a thorough understanding of agriculture, accounting, law, engineering, packaging, marine transit and food technology and can respond to all food related losses.

Forensic Advisory Services

Our highly qualified accountants, valuation specialists and fraud analysts specialise in handling business interruption and financial losses. They develop claim resolutions and settlement strategies that avoid disputes, therefore, reducing settlement times and costs.

Marine

Our marine team is able to handle all marine survey and adjusting needs including: hull and machinery, or cargo (break bulk, containers, bulk cargo or liquids), on yachts, launches, fishing boats, charter vessels and cargo ships.

Catastrophe

Through advanced planning and utilising Sedgwick's global network, we have the size, experience and capability to quickly mobilize and provide immediate support, irrespective of the challenges faced.

Our specialist teams are amongst the first choice in New Zealand for major and complex loss management.
